

3RD LONG-ACTING TREATMENT AND PREVENTION CONFERENCE

Future of Antiretrovirals in Africa: Long-Acting Agents and Beyond

 **Tuesday, 15 September 2026**

 **Maslow Hotel, Sandton, Johannesburg, South Africa**

 **Registration is Open!** Register now for this full-day CPD accredited event.

ABOUT THE CONFERENCE

The 3rd Southern African HIV Clinicians Society **Long-Acting HIV Treatment and Prevention Conference** is a dynamic forum showcasing the latest scientific and clinical evidence on long-acting HIV agents.

Bringing together HIV care providers, researchers, investigators, and policymakers, this full-day conference will equip attendees with up-to-date knowledge and clinical skills to support patient treatment, care and prevention in the era of long-acting antiretrovirals.

LATEST RESEARCH

Research presentations through engaging oral sessions – *What the trials are telling us.*

CLINICAL SKILLS

Practical sessions bridging evidence to practice - *What every clinician needs to know about long-acting agents.*

GUIDELINES & POLICY

Shifting HIV policy and clinical guidance to support the equitable and sustainable access to long-acting antiretrovirals – *What has changed, and what still needs to change.*

CPD ACCREDITED

Earn CPD points while enhancing knowledge, clinical skills, and ethical practice in long-acting HIV treatment and prevention.

KEY PROGRAMME TOPICS

- Prevention
- Treatment
- Key populations
